

# TIGHT HEAD & OPEN TOP STEEL DRUMS

## ABOUT US

Pentas General Trading L.L.C is an ISO 9001:2015 & ISO 22000:2005 certified supplier of quality steel drums all over the world. We supply steel drums of different sizes and specifications to cater to all the user industry that require drum packaging for their products. The user industry includes lubricants, chemicals, paints, edible oils, syrups, fuel, glues and more.

## OUR PRODUCT

Pentas has 14 different drum types to be chosen depending on the product to be filled. The thickness of steel in these drums ranges from 0.70 mm to 1.20 mm. They are also with a "W" design rolling hoops

which permits optimum stuffing of drums in shipping containers.
